Sir,

Subject - cost incurred for the supply of diesel oil to the Arsikere Water works

---

I have the honor to enclose herewith report No H C 87/41 dated 18-2-43 on the above subject, received from the Amildar & President, Arsikere Municipal Council and to state as follows -

On account of the shortage of diesel oil in April 1942 the Arsikere Municipality was faced with the possibility of the water works being stopped On receipt of a letter from the Assistant Sanitary Engineer, the Municipal Council, Arsikere at its meeting held on 20-4-42 resolved that the diesel oil should be supplied to the Sanitary Department to continue the water supply and the cost of the same as decided by the Arsikere Water Supply Committee in consultation with the Agents and be met from Budget Provision under the heading "Expenditure side E (9) water supply and maintenance charges"

The Water Supply Committee at its meeting held on 4-5-1942 have resolved that in view of the urgent necessity ensuing water supply to the town in that summer the local Agent, Mr K Venkataswamy might be requested to send his representative to places where the supply of the oil could be had and the expenditure of that agent in addition to the cost of the oil to be supplied might also be met by the Municipality

The President, Municipal Council acting on these resolutions, wrote to Mr K Venkataswamy on 4-5-1942 to arrange for the supply of diesel oil to the Municipality by deputing his representative for the same

Mr K Venkataswamy, the local agent, supplied 20 barrels of diesel oil at a cost of Rs460-15-0 and produced another bill of costs for 202-13-3

incurred by his representative for his journey to and fro Poona and other places for getting the supply

The Sanitary Engineer, Bangalore in his letter No 563 dated 18th October 1942 had addressed to the President, Arsikere Municipal Council, has observed that the total cost of Rs 460-10-0 of the 20 barrel of diesel oil supplied by Mr K Venkatasary might be accepted and his bill for Rs202-13-3 being the expenses of his representative cannot be passed since he had claimed the cost of the oil as per s p c prevailing rates at Bangalore, that the full arount of Rs202-13-3 cannot be debited against the supplies to the Municipality alone since Mr K Venkaswary arranged for other supplies to himself in addition to those to the Municipality Hence a proportionate charge might be debited to Arsikere Town Water Supply

The President, Arsikere Town Municipal Council has submitted a detailed report No H C 87/41 dated 18-2-1943 explaining the situation which lead the Council to incur such an expenditure In his letter No H C 87/41 dated 31-12-42 he has stated that Mr K Venkatasaary got a total supply of 120 barrels at the time of supplying the Municipality and as such the expenditure of his representative being charged on the total supply, the share of the Municipality orks out to Rs33-13-0 and requested for orders to make payment of the same

In the above circumstarces I reque t that sanction of Covernment may kindly be obtained for making an extra payment of Rs33-13-0 to Mr K Venkatas amy in addition to the actual cost of the Diesal oil supplied to the Municipality

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District
